SUBJECT: START 3,
Trip Report
Upper Animas River

Dear Ms. Forrest:

Attached is our report on the activities conducted for the Upper Animas River during the week of August 22, 2011 and including the waste pile and calculation of the waste pile, documentation of the surface water and sediment sampling, and the presentation of fishing along the Animas River south of Silver Lake. The wetlands

Barry/Chuck,
Please make the
minor correction on page
1 & send over with
the photolog included.
I will need an
electronic copy to
send along to CSC,
but this will also
need to be a reference
to the HRS package,
so send that ecopy
over after it is
made into the reference
and paginated.

Thanks!
Sabrina
